Crookston, MN 56716

Q: One thing that seems confusing in your documents is you state

Tri-Valley currently has a plan with Verizon for cellular communications. The proposed system shall be compatible with the Verizon Network. Cellular services will be paid directly to the carrier.'

However later in the document under pricing you are requesting pricing for cellular service?

If you are going to use your existing account and pay Verizon direct why is there a requirement to provide pricing for cellular that wont be used?

A: Page 18 of 37, statement 11 illustrates as noted in the above question. That statement is also restated on Page 27 of 37 – statement 11, General Requirements.

Attachment E (REVISED, PER ADDENDUM 2), is attached for ease of submitting the costs with your proposal. Include this Revised **Attachment E** with the submitted Proposal. Detail of the changes include:
